Dear Howard:

RE: Annapolis Artificial Reef Project

Squamish Nation Chief and Council have received your introductory letter in regards to the Annapolis Artificial Reef Project on May 27, 2008. We also appreciate the presentation materials you provided us on this fascinating project which will help create a Rockfish habitat and opportunities in the Dive Tourism Charter industry.

Squamish Nation Chief and Council supports the Artificial Reef Society of British Columbia's Annapolis Project and recognizes the potential opportunities this will provide for Squamish Nation and the local communities.

Squamish Nation has always supported environmental restoration in our respective territories and is looking forward to working collaboratively with you on the Annapolis Project.

Yours sincerely,

Chief Bill Williams telásemkin Siyam
